REMINDER: GEOSCIENCE FORUM IS COMING FAST!

ONE WEEK LEFT!

Dear Colleagues,

Geoscience Forum is almost upon us, and only a week to go before the November 25-27 event.

If you haven't registered, it's never too late, and you can do so here through the Chamber of Mine's website at <http://www.geoscienceforum.com/registration>.

We hope you are excited by our great line up of speakers covering a range of topics including *Geoscience & Exploration, Petroleum in Canada's North, Infrastructure and Innovation, Environmental Monitoring and Research*. Check out the program by clicking [here](#), and start to plan your attendance at the talks that interest you most.

Check out the four [workshops](#), three of which are free. You do not need to register for the conference to attend the workshops, but you must still register for the workshops using the same registration process. While it's a bit late in the process, there may still be some seats left.

Tell your friends and colleagues about the event. The more the merrier!

WE LOOK FORWARD TO SEEING YOU IN YELLOWKNIFE!
