*If you answered YES, keep reading!*

### WHERE IS HOPE BAY?

### WHY CHOOSE TMAC?

- An experienced management team to mentor and support your growth
- A fast-paced, start up environment where you can grow as we grow
- Opportunities to advance
- To join a feel-good team that recognizes exceptional performance and results
- Because Zero Harm matters

TMAC Resources is a Canadian exploration and development company that acquired the Hope Bay Project in Nunavut on Canada's historic Northwest Passage. We are excited to be developing Hope Bay as Canada's next major gold mining district in Canada's Arctic mining frontier and anticipate to be in commercial production in early 2017. In addition to our site at Hope Bay, we have offices in Toronto, Sudbury, Cambridge Bay and Yellowknife. If you work at Hope Bay, you access the site by air and work on rotation.

We will be looking for a range of professional, skilled and technical people to join our team as we grow. Our current vacancies are listed below and you'll find more details about TMAC and each job on our website. You can also keep up to date on TMAC if you follow us at LinkedIn or on Facebook.

If you are interested in one of these roles, please contact Stephanie directly by email at [Stephanie@dgspartnership.com](mailto:Stephanie@dgspartnership.com) to discuss career opportunities at TMAC.

Thank you for your interest in TMAC!

## DORIS CAMP

Our **Vision** is the responsible and economically sustainable exploration, development and mining of the Hope Bay Greenstone Belt in the Kitikmeot region of Nunavut as Canada's next major gold mining camp. We will achieve this by living our **Values**, which are:

**Respect:** We embrace uniqueness, treat people with dignity and equality and are stewards of the environment.

**Integrity:** We act with the highest ethical, moral and professional standards.

**Passion:** We are enthusiastic, have high personal work standards and take pride in our successes.

**Initiative:** We respond to challenges with well-planned, innovative solutions.

**Learn and Adjust:** We learn from experience and embrace change.

**Teamwork:** We care about one another and promote an inclusive, diverse and unified team.

**Fun:** We like our job, our company, our colleagues and appreciate smiles and laughter.

**Growth:** We know that our future depends on responsible and economically sustainable growth.

**Results:** We commit, execute and deliver.

Living our **Values** will help us achieve our **Vision** in a safe and responsible manner with **Zero Harm** at the core of our efforts. **Zero Harm** means we are mindful of potential hazards and strive for zero injuries and zero environmental damage. It is an attitude that we own 24/7, at work, at home and elsewhere.
